Grain processing plant Zlak

- Is one of Russia's largest producers of flour, pasta, baking mixes and extruded ready-to-eat breakfasts produced under the famous Russian brand Uvelka.
- The company was founded in 1929, when it was a Soviet grain elevator for storing grain. Today the plant is a real industrial giant, processing up to 500 tons of grain and 60 tons of rye per day.
- Extensive technological base and vast experience in the field of flour milling allow us to produce the best products in the industry.
